1. What is Parola.thy.com ?

Parola.thy.com is a web page that enables people (users) to do their password transactions themselves (self-service).

On this web page, users will be able to do the following;

1. CHANGE PASSWORD

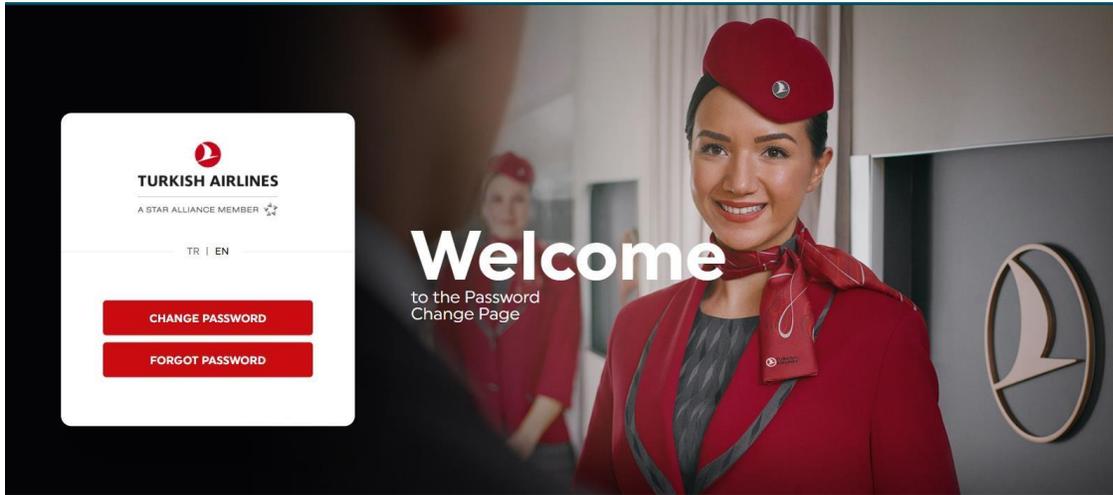

- a. Changing the current passwords of users
- b. Password change transactions for users whose password expired
- c. Password change transactions of users whose password is about to expire
- d. Changing the temporary password sent to users via SMS or mail

2. FORGOT PASSWORD

- a. Creating the first password
- b. Password reset operations in case the user forgets his password

2

2. Welcome Screen

Whenever a user wants to do any of the above-mentioned operations, they can open the Password Change screen by typing "<https://parola.thy.com/indexEn.html>" in the search box of the internet browser.

Basically 4 main buttons meet the user on this screen;

2.1 CHANGE PASSWORD

This button should be used when users want to perform any of the following operations.

1. Changing the current passwords of users
2. Password change transactions for users whose password expired
3. Password change transactions of users whose password is about to expire
4. Changing the temporary password sent to users via SMS or mail

2.2 FORGOT PASSWORD

This button should be used when users want to perform any of the following operations.

1. Creating the first password
2. Password reset operations in case the user forgets his password

3

2.3 TR Button

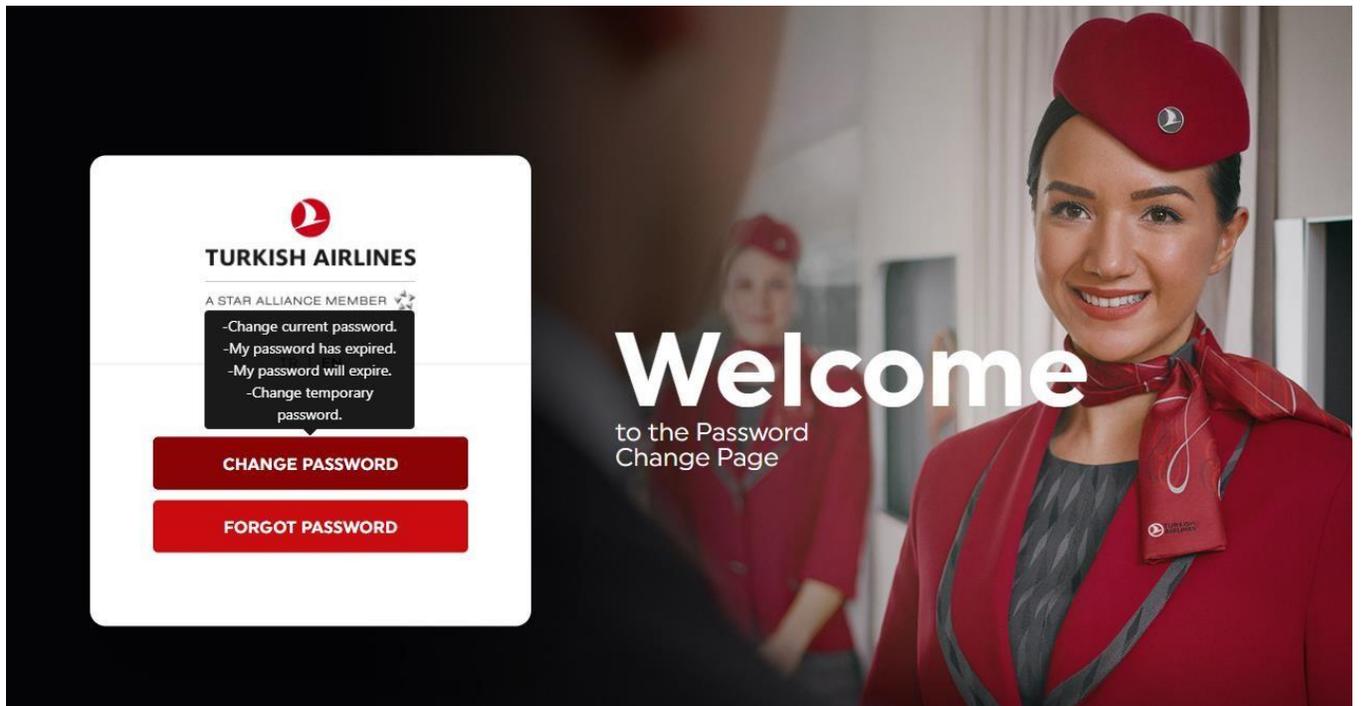

It is used to display the page in Turkish.

2.4 EN Button

It is used to display the page in English.

3. Change Password Process

1. "Change Password" button is pressed

2.

In order to verify the user in the next step, the following Access Manager screen meets the user.

On this screen, the user is expected to enter the user name and mobile phone number registered in the system. The following rules should be observed while entering the phone number;

- a. Country code should be entered without (+) before the phone number.
- b. Then the phone number must be entered.

For Example ;

Country Name	Phone Format
Turkey	9053XXXXXXXX
America	1408XXXXXXXX
United Arab Emirates	9715XXXXXXXX
Norway	474XXXXXXXX
Hungary	36309XXXXXXXX
Chile	569XXXXXXXX
